3.

The provider finder does not include spaces

[📎 Załącz]   [🔗 Połącz zgłoszenie] [∨]   [•••]

Opis

Description

The search engine from the Providers tab does not take into account the space characters provided by the user. Added proviaders without spaces are included in the search results for which the phrase contains a space.

Steps to reproduction;

1. go to the providers tab
2. We create a new provider with the name "test 22" and price 123
3. We create another new provider "test" and price 456

Actual result;

Both results with and without spaces are shown.

The expected result;

It should be filtered to providers that have a space character.
